What are your organisations key drivers around fleet electrification?

Wordcloud Poll 15 responses 14 participants

As you begin to consider electrifying your fleet, what's the most important element to get right?

Wordcloud Poll 22 responses 19 participants

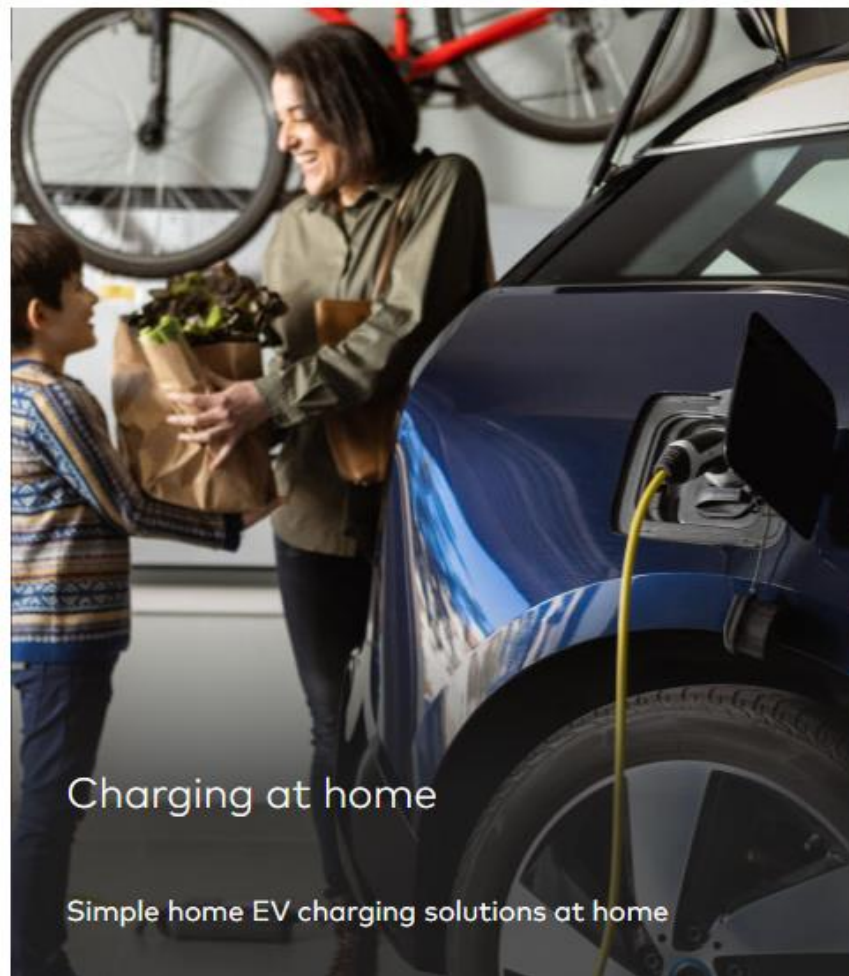

What challenges of fleet electrification keep you up at night?

Wordcloud Poll 31 responses 24 participants

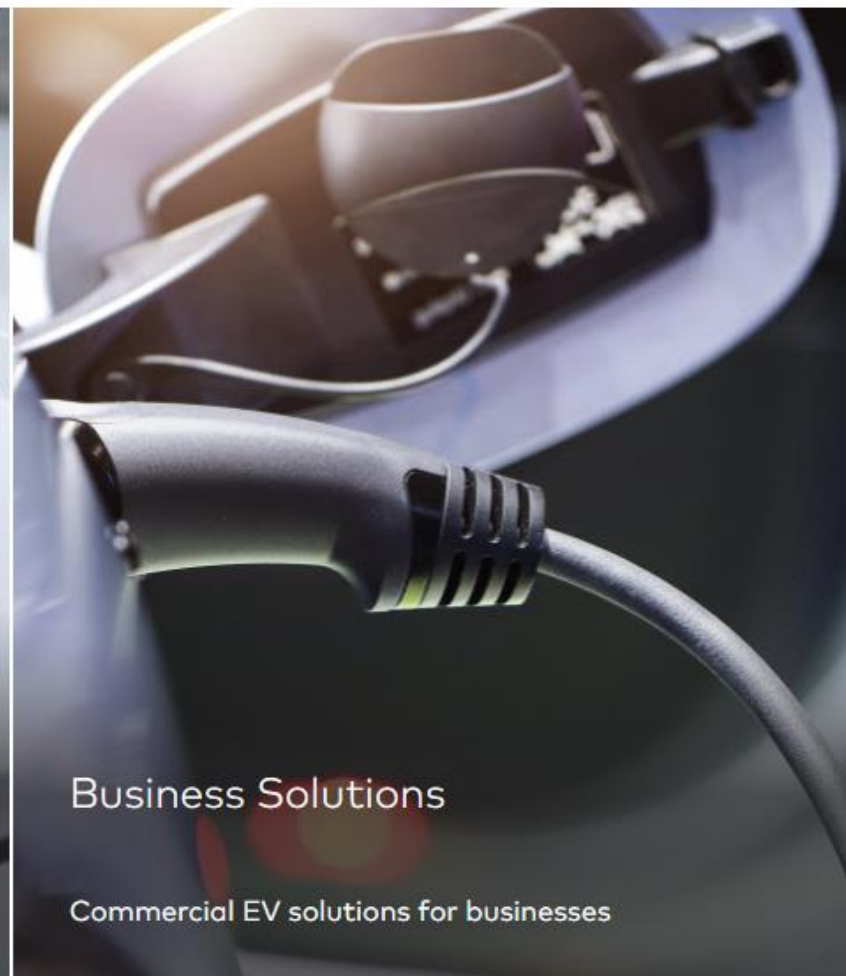

Charging at home

Simple home EV charging solutions at home

Charging on the road

Fast and convenient charging solutions across Australia

Business Solutions

Commercial EV solutions for businesses

Powering better journeys, today and tomorrow

Audience Q&A Session [slido](#)

- What are your key drivers for fleet electrification?
- For the total cost analysis, was the charging costs taken into consideration, being they had to charge them at home, and are employees subsidised for these costs?
- How did you manage Fleet charging to optimise the fleet use on daily bases?
- In your planning what % where ICE, hybrid to EV?
- Jonathan, what are the biggest assumptions/myths that customers have around driving EVs. Is there a fear that they won't want EVs?
- 10 out of 10 for Sharon, great insight!
